

## GDPR foundation certification – principles, legal framework and compliance

In partnership with Certi-Trust, itrust consulting provides this 2-days training aiming at presenting GDPR requirements, both legal and technical, to guide the PII controllers and PII processors in managing compliance to the regulation in an effective and efficient way. Day 2: Certi-Trust certification exam 'GDPR foundation'.

### Day 1: Data protection and the GDPR

- Introduction to the international framework,
- Data protection in Europe,
- GDPR Scope, definitions and principles,
- Legitimation of processing and rights of the data subjects,
- Consent,
- Documentation and references to the GDPR (doc., resources, etc.).

### Day 2: GDPR components and their relationships

- GDPR compliance measures (policies, procedures, ...),
- Controller and processor,
- Privacy by design and by default,
- Personal data breach notifications,
- Data Protection Officer (DPO),
- Data protection authorities,
- International transfer of personal data,
- GDPR interpretation guidelines (group of 29, EDPB opinions).
